## JOINT LABOUR LIAISON COMMITTEE MEETING
## Tuesday, January 10, 2017

| | | |
|---|---|---|
| PRESENT: | KTTA: | D. Komljenovic, President - KTTA<br>A. Jensen, Vice President – KTTA<br>T. Dalgleish, Liaison Rep. |
| | Administration: | S. Olsen, Associate Superintendent – Human Resources<br>S. Bowers, Director – Human Resources<br>R. Kienlein, District Principal – Human Resources<br>G. Reilly, Principal – Arthur Stevenson |
| | Trustees: | M. Wade, Chair<br>G. Watson, Vice-Chair |

**CALL TO ORDER**

Chairperson Dalgleish called the meeting to order at 3:31 p.m.

**ADOPTION OF MINUTES**

The minutes of the November 16, 2016 meeting were adopted as circulated.

**ADOPTION OF AGENDA**

The agenda was amended to show Strategic Planning Partnership Feedback added to New Business.

**OLD BUSINESS**

**Curriculum Implementation**

A KTTA representative stated that January 20th has been set aside as a curriculum implementation day. The representative advised there is some settling going on with the new curriculum, but the call for resources is ongoing. It was noted that the 10-12 curriculum has been postponed for another year.

**Reporting Procedures**

A KTTA representative advised that after last year there was some training for elementary teachers on the MyED system. The representative inquired as to how things are working this year, and noted that there are still some difficulties with the system, including training for teachers who were on leave last year, and consultation around reporting. Members would like the district to look at shells to work in conjunction with MyED to make reporting easier, as well as consistency between schools. Management understands that updates are constantly being made to MyED, and training is provided on an ongoing basis to address these updates and improvements.

**Alternate Contact Methods for TTOCs**

Management advised this is not feasible.

**OASIS Programming – E-mails**

Management advised the system can be set up to send confirmation e-mails when applications are received through Job Posting Web. The onscreen confirmation number will still be provided. Management hopes to have this in place prior to the Semester 2 postings.

**NEW BUSINESS**

**Strategic Planning Partnership Feedback**

The KTTA representative advised the executive committee met last week and discussed the strategic planning committee. A survey was sent out to members after the plan was received in October. It was the representatives' understanding that school administrators would also be sharing the plan with their staff. The concern is that the plan has changed significantly between the October draft and the November meeting. The draft in November included sub-goals that were not previously discussed. The other concern is that teachers still feel that the plan does not clearly convey their responsibilities and how to measure goals and success rates. The feeling is that many schools did not have the plan shared with them, or did so without much discussion. Without consultation members feel they do not support the document as it stands. The hope is there may be an opportunity for executive members to ask questions they are currently unable to answer. The Board representative will speak with the Superintendent and ask her to respond to these concerns.

Adjourned 3:46 p.m.

**NEXT MEETING:**
**February 9, 2017 in the Board Room**

SIGNED: Chairperson and Co-Chairperson
Labour/Management Liaison Committee
