

OPAL SCHOOL SERIES

Engaging Playful Inquiry

Friday, October 19 & Monday, December 3, 2018

Engaging Playful Inquiry: Two Days with Opal School (Kindergarten to Grade 8)

Are you ready to make learning come alive in your 'community'? Are your students ready to question what it means to be a citizen world-maker in the midst of uncertainty?

Playful Inquiry will inspire your **curiosity**, enable you to seek **connections**, nurture **empathy**, allow you to share **stories**, and **explore** what 'you' want to learn.

Come join Opal School's Susan Harris MacKay and Matt Karlsen for two days of fresh ideas aligned with the Core Competencies and the First Peoples Principles of Learning. This hands-on experience will have you engaged with materials to push your thinking and strengthen your skills in collaborating and asking open-ended questions.

October 19, 2018 - *Courageous and Collaborative Learning Communities*

What kinds of communities are we seeking with our students and our colleagues - and how might we engage and sustain them?

December 3, 2018 - *Living In Questions*

How can we embrace conflict, tangles, and uncertainty in our practice?

Learn more about Opal School at opalschool.org
